

Probud Set to Launch Verified Global ESG Compliance Protocol

The Outsource Solution from the ESG Experts at Probud Sigma

The requirement for all Fund Managers, on and offshore, to implement and integrate Environmental, Social and Governance (ESG) policies and procedures within the overall investment matrix is now clearly a 'must have' if they want to stay in business. Probud recently reviewed the characteristics of the top performing Voluntary Carbon Credit Funds and several information documents concerning funds to be launched in 2012. Of the top performing Funds strong ESG compliance, (not SRI, CSR, etc.) is a common factor amongst high quality credits returning above average returns.
